A Leading Manufacturer of Automotive Batteries in the UAE

Established in 2019 as a Private National Factory in Abu Dhabi, UAE, Emirates National Batteries Factory (ENB) is a leading Emirati manufacturer in the field of lead-acid automotive battery production. The manufacturing facilities are supported by strong quality, research and development departments.

In addition, ENB implements a strong management system across production planning, inventory, control maintenance, and quality assurance with full compliance to all HSE regulations. This contributes significantly to environmental protection and public safety.

ENB produces a wide range of Calcium maintenance free automotive battery brands that keep customers and their business powering forward under SUPER & ENB. All ENB products comply with GS standard GSO 34/2007 & GSO 35/2007 to ensure its satisfaction and enjoy customers' warranties.

Maintenance Free Lead Acid Batteries

Our Sealed Maintenance Free Automotive Batteries (SMF) are engineered with a framed grid that optimizes longer life and performance, ensures better current flow and performance of the vehicle's electrical system, provides superior starting by enhancing high CCA rating for good cranking performance, minimizes corrosion and virtually eliminates premature failure which makes the battery more suitable to perform properly even in hot climates. Ca-Tin alloy and extra pure lead reduce grid corrosion, improve life cycles performance eliminate the water loss during its service life and improve shelf life of the battery. High Density Enveloping Separator prevents internal short circuits in positive & negative plates with a sealed cover structure that reduces gassing and prevents leakage.

THE BATTERY IS PROVIDED WITH A MAGIC EYE INDICATOR FOR GOOD, RECHARGE OR REPLACE BATTERY, IN ADDITION TO ROBUST, HANDLE DESIGN TO AVOID DAMAGE AND EASY FOR HANDLING AND INSTALLATION, AVAILABLE FOR ALL JIS AND DIN STANDARDS.

CHAIRMAN'S MESSAGE

With better quality and service, we are doing our best to meet our customers' needs and provide the services. Emirates National Batteries Factory is proud of being the first lead acid battery manufacturer in the emirate. In addition to the high-skilled factory management with long experience in the field and the efforts of the R&D team helps to be one of the most innovative battery companies in the world.
